Our December General Membership Meeting will include two presentations on recently completed research and policy recommendations on homelessness in South LA. Dr. Rishi Manchanda, St. John's Well Child and Family Center, and Dr. David Howard, Special Services for Groups, will each present their research strategies and findings on the homelessness within South LA. This will serve as an opportunity for us to begin a conversation on the different ways and opportunities to gather data and information regarding homelessness throughout Los Angeles county and how we can support ways to gather the local data to inform our policy goals and agenda.

Homeless Memorial Day - December 21st Can you help ?

Michael Menchaca, from
Northeast Valley Health

Corporation, is gathering names of those people who have died on the streets this year so that they may be honored on Homeless Memorial Day services at St. Mark's Episcopal Church, in Sherman Oaks, on December 21st.

Do you know the name of someone? Those names will be read individually and placed on the altar during the services - "to claim them as our own and commend their souls to the God of our understanding," states Mark. All are welcome to attend the services.

Names can be submitted to Mark Menchaca, by December 7th, at: MichaelMenchaca@nevhc.org
